

## Drop

Display for wall integration

Brushed stainless steel

Aluminium

Glass

### FEATURES

- In- wall installation
- Brushed stainless steel/ Aluminium/ Glass front frame (depending on the model)
- Easy to install
- Security anti-theft locking system
- Maintenance free
- HDCP compliant
- Energy saving design

### GENERAL

Drop monitors have been designed for an easy in-wall installation. They are supplied with a separate box for fix mounting, while the screen itself provides a “clip-on front” system.

They are available with glass, brushed stainless steel and aluminium frames and provide options such as embedded PC, built-in camera and also with touch screen. All models are provided with a galvanised mounting box and are available in a variety of sizes, from 10” to 22”.
