

AH3

Manually inclinable display

FEATURES

- 25° manually inclinable
- Ready for desk mounting
- Low profile aluminium design
- No visible cabling
- Maintenance free
- HDCP compliant
- Energy saving design

GENERAL

AH3 monitors have been designed for fixed installation into tables or desks.

AH3 is a full HD manually inclinable low profile monitor to be integrated in the table surface. AH3 displays are always visible and the working position can be manually adjusted from vertical to 25 degrees of maximum inclination.

The monitor is entirely built in solid milled aluminium with anodised finish and has an antireflection black edged glass that can be optionally touchscreen. The installation is very simple and the cabling is under the table surface, being completely invisible to the user. AH3 is available in 17.3".

TECHNICAL SPECIFICATIONS

Display

Size	FULL HD 17.3" TFT Active Matrix, widescreen
Resolution	1920 (h) x 1080 (v)
