

## CourtesyBox

Motorised courtesy boxes for furniture integration

### FEATURES

- Motorised housing for furniture integration
- Prepared for veneering
- Maintenance free
- Personalised finishes
- Control buttons on cover plate
- Easy installation
- Compact, space optimising and elegant solution
- Silent, reliable and durable solution
- Serial control and remote diagnosis

### GENERAL

The CourtesyBox is an outstanding motorised solution to hide anything in the tables, keeping the surface clean. Expect the unexpected with the CourtesyBox for water and glasses or as a motorised tissue box. The CourtesyBox can be controlled locally or remotely through AHnet (RS-422) and the open/close button can be disabled or locked.

The CourtesyBox can also be daisy chained with all the rest of Arthur Holm motorised products using CAT6 cables for control. The CourtesyBox is created to be installed in horizontal surfaces of furniture. When the hatch is closed, it leaves the desk free of any obtrusive elements. The AHlink app is available for Android and iOS.

**Materials**

Housing	Brushed stainless steel
---------	-------------------------
