General

Arthur Holm AH2 manually foldable professional monitors are the perfect solution to create a flexible and versatile meeting environment when the space is limited. The monitor is fixed to the table surface through its milled aluminum base, allowing the user to adjust the viewing angle of the monitor and holding the monitor in a firm viewing position. All connectors are placed under the table and cables are passed unseen through the base to the monitor, leaving the monitor minimalistic design unobstructed.

AH2 are aluminum monitors that can be easily folded down to leave a direct line of sight to the other participants and give space for other activities taking place in the room. Furthermore, the low profile space needed for their installation allows users to have a large cable-free surface to work using both the screen and other materials over the desk.

Technical Specifications

Display

Size	Full HD 17.3" TFT Active Matrix, widescreen format. LED backlight
Resolution	1920 (h) x 1080 (v)
Brightness	400cd/m2
Contrast ratio	600:1
Pixel	0.1989 (h) x 0.1989 (v) mm
Viewing angle	60°/ 80° (u/d) 80°/80° (l/r)
Viewing area	381.888 (h) x 214.812 (v) mm
Response time	Tr + Tf = 40ms
Temperature	Operating 0° ~ +40°C Storage -20° ~ +60°C

Connectivity

Input signal	HDMI (1 input) HDCP compliant
--------------	-------------------------------

Electrical

External power supply	100-240Vac, 50/60Hz, 12Vdc
Power consumption	50W

Mechanical Dimensions

Monitor	414 x 307.50 x 19mm [16.30" x 12.11" x 0.75"]
